

February 28 - March 1, 2015
University of Virginia
hackathon@virginia.edu

Hack.UVA is the University of Virginia’s annual collegiate hackathon. The first of its kind, Hack.UVA brings together the best and brightest college hackers from more than 10 schools in the mid-atlantic region. Over the course of 24 hours, participants will create incredible software and hardware products at the center of our University, Newcomb Hall.

Prizes

Prizes will be awarded in a variety of categories based on the type of project. Sponsors may contribute to each of the following top-level categories in addition to awarding their own sponsored prize to a team of choice.

- Best Overall Hack
- Best Hardware Hack
- Best Web Hack
- Best Mobile Hack
- Best Beginner Hack

Sponsorship

Sponsoring Hack.UVA is an excellent way to get in touch with computer science students who love hacking. Your sponsorship funds will go toward food, wireless equipment, hacker transportation, branded apparel, event security, and more.

- Recruit top hackers
- Demo your API
- Hold tech workshops
- Access our resume book
- Provide mentorship
- Develop brand presence
- Distribute company swag
